- Kubernetes
- DevOps
- CI/CD
- GitOps
- Agile Methodology

● CURIOSITY

Curiosity

Not only development is what I like to do, I also like to play football with friends, listen good music and also dance Caribbean dance.

USE OF PERSONAL DATA

Authorization for using personal data.

I authorize the processing of personal data contained in my curriculum vitae on the basis of art. 13 of Legislative Decree 196/2003 and art. 13 of EU Regulation 2016/679 concerning the protection of individuals with regard to the processing of personal data.

COMMUNICATION AND INTERPERSONAL SKILLS

Focus on the team

I believe that all the colleague must help each other, especially when there is a common goal. I always discuss with all the team to understand all the problematic that comes during a project.

ORGANISATIONAL SKILLS

Collaboration tools

I believe that sharing informations, online in a centralized manner, it has a two way good effect. From writer point of view, you write what you understood so, writing and organize your information will help you to clarify the ideas. From the other end, the reader, it can easily found the information needed. In personal and company project Confluence have been used.
